(£ 9.60 incl. VAT)

The beautiful football table from HeBlad comes standard with a set of 6 table football balls. And we know that balls often disappear miraculously. That's why you can easily order a set of six hard football balls. We will immediately ship your balls the day after placing your order.

How many table football balls are needed?
Depending on the number of football tables and users, the number of balls you keep in stock is large or minimal. The more tables and players, the greater the chance that balls will be lost. That is why we have a set of 25 table football balls for large use.

How much are table football balls?
The larger the purchase quantity, the cheaper the balls are. A set of six balls is included free of charge with the table. If you order an extra stock of balls directly from the table, you will also enjoy an extra discount. This way you never pay too much for the table football balls.

Table football balls and other accessories
The HeBlad table football table consists of many different parts. We have many accessories for this that can be ordered separately, so that you always have a well-functioning table with the right attributes. Consider, for example, eye protectors or rubber bumpers.
You can also order handles, rods and figures according to your wishes. If a part of the table unexpectedly breaks, you will have a replacement product in the foreseeable future and you can play table football again.
