This picnic table has been ground to a smooth surface in natural concrete. The benches are provided with planks of 4 cm thick bamboo. The planks are blind anchored, thus impossible to dismantle. The picnic table is ideal along hiking- and cycling paths, but also for many other locations.

Due to the weight (1.100 kg) and the fact that the table cannot be dismantled it does not invite vandals to ruin the table. The bamboo planks provide for a comfortable and warm seat and gives a luxurious effect.
