Chess Table Natural Concrete (4P)

Product code: GT.CH.4

£ 3,300.00 excl. VAT
(£ 3,960.00 incl. VAT)

A pleasure to the eyes! Meet the concrete chess table made of natural concrete. The beautiful slim stools and table offer space for four people and can be used for a good game of chess, but it also provides a wonderful opportunity to catch up. A multifunctional addition to your garden, park, campsite, schoolyard or even the city center.

Specifications concrete chess table natural concrete 4 persons

This concrete chess table is made of natural concrete, which gives it its beautiful appearance. The natural stone chess fields are integrated into the concrete of the playing surface, completely according to the standards of an original chess board. The playing surface measurements are 60 x 60 cm and the table is 75 cm high. The four stools have the ideal seat height of 50 cm and, together with the table, are fixed on the concrete base plate of 10 cm thick and 149 x 149 cm (L x W). The base plate is completely integrated into the space, by removing tiles or excavating sand or grass subsoil. This way, the base fits nicely with the tiles or is placed exactly at cutting height.

Concrete chess tables in various designs
In addition to the natural concrete version, you can also opt for the 4-person variant in anthracite concrete colour. Both the anthracite-coloured game table and the natural concrete version of the chess table are available in a 2-person version.

Combine the concrete chess table with benches or picnic sets
Is your intention to make a playground, park or campsite more accessible? Would
