You can find a picnic set anywhere. At a playground, in nature, on a schoolyard or in the woods. A concrete picnic table with benches is a nice place to catch up with someone, take a break or play with children. Are you interested in a concrete picnic table? You can find various picnic sets on our website.

Different variants of the concrete picnic table

There are different variants of the standard concrete picnic set. There are 3 colour variants: Natural Concrete, Anthracite lacquered and Anthracite-Concrete. You can purchase your concrete picnic set with or without the base plate. There are also two different shapes. This set has a rectangular shape but we also supply oval picnic tables. All concrete picnic tables are cast in one piece, the picnic sets are made from high-quality C45/55 concrete and have double reinforcement, so you can enjoy your picnic set for as long as possible.

Quality of the concrete picnic table

picnic set itself. Maintenance around the picnic set is also a lot easier; where the base plate is placed, no weeds can grow. The base plate is placed level into the ground, so you can easily mow the grass without it getting in the way.

Picnic set Standard or DeLuxe

This set of the concrete picnic table with benches is a standard set. We also supply the 'DeLuxe' variant. A Deluxe picnic set has bamboo seats and Deluxe benches have bamboo backrests. We value durability and sustainability, and we desire our products to reflect this. The bamboo seats are of high quality, like all our products are.
