Picnic table DeLuxe Oval Anthracite-Concrete

Product code: PS.DLAB.OV

£ 3,100.00 excl. VAT
(£ 3,720.00 incl. VAT)

DeLuxe at HeBlad means that the seat is made of bamboo. A durable material that remains beautiful and functional even in winter and harsh weather conditions. Bamboo provides slightly more seating comfort than concrete and is a playful addition to the concrete.

What makes HeBlad picnic sets good?

HeBlad picnic sets are made entirely from one piece of concrete, so the benches cannot come loose from the table. Moreover, the weight is so massive that moving the table is impossible and vandalism cannot affect it. The set will also retain its colour if damaged, because the concrete is anthracite coloured throughout.
Thanks to the bamboo seats, visitors also have a comfortable place to sit in winter. The bamboo seats are blindly attached to the concrete surface, so they are not easy to loosen. This means that the picnic set will always retain its beautiful appearance.

Bottom plate picnic sets
For extra stability and a smooth surface for the picnic set, you have the option to order an additional base plate. This is always optional.

Variation in picnic sets

The robustness of the picnic sets is softened in the DeLuxe anthracite concrete oval version by the round shape and the bamboo seat. A playful variation on the standard picnic sets. The oval DeLuxe sets are also available in the colours

anthracite lacquered and natural concrete. When the DeLuxe aspect is removed, we are left with a standard oval. Available in the same three colours, without bamboo seats.

The oval shapes can be perfectly combined with our concrete oval benches. But the curves of the foot volleyball tables also match perfectly with this picnic table.
