Bench DeLuxe with bottom plate without backrest Anthracite-Concrete

£ 2,100.00 excl. VAT
(£ 2,520.00 incl. VAT)

Product code: BB.DLAB.OP.ZL

A solid concrete bench with a comfortable seat. The base plate and the bench are made from one piece of concrete. Robust, strong, beautiful and practical. As a finishing touch, the seat is covered with bamboo elements. Both the concrete and the bamboo are resistant to extreme influences of weather or vandalism.

Where is the DeLuxe concrete bench placed?

Due to its strength and weight, the DeLuxe Anthracite Concrete Bench can undoubtedly be placed in public spaces and generally accessible places. The weight and base plate ensure that the bench cannot be pushed or blown over. The base plate is also located at cutting height in the lawn or at the same height as terrain tiles or sand. This means that the area around the concrete bench is always neat and free of weeds, grass and moss.

How is the DeLuxe concrete bench installed?

As can be read in our delivery conditions, we deliver our products via the loading and unloading crane on the truck, which is approximately 14 meters long. The crane reaches a maximum of 5 meters. This means that the installation area must be accessible to our truck with crane, within a radius of 5 meters.

Variation on the DeLuxe concrete bench

This concrete bench Deluxe is available in three colours: Natural Concrete, Anthracite-Concrete and Anthracite. Variations on the bench include the Concrete Bench DeLuxe Anthracite-Concrete with Base Plate and Backrest or the Bench

3 November 2026 - Prices subject to change
