The classic rectangular table tennis table from HeBlad with a green lacquered playing surface, who hasn't heard of it?
Where are our table tennis tables located? For more than twenty years we've been supplying concrete table tennis tables to schools, campsites, swimming pools and institutions throughout the Netherlands and now also in neighbouring countries. The concrete table tennis tables, but our other products such as the foot volleyball table, the game table and the table football tables as well, provide endless outdoor fun.

Where does table tennis come from?

The game of table tennis has been around for a long time. It emerged in England at the end of the 19th century as a derivative of regular tennis. Fortunately, the new generations also know where to find the table tennis table; at schools, campsites and neighbourhood fields. The concrete table tennis tables from HeBlad are weather-resistant and rock-solid. A super strong and therefore durable playground equipment, an asset to any public or busy outdoor space.

Solid one-piece concrete table tennis tables

HeBlad table tennis tables are always cast from one piece of concrete. This means that there are no loose parts, no nuts or bolts involved. The tables can therefore not be dismantled. That is what makes them so solid and robust. The playing surface of this variant is green. The top layer in colour is also strong. After a thorough primer, all concrete table tennis tables are spray-painted with a two-component paint in, for example, green (RAL 6009) or blue (RAL 5005). The
