This rectangular ping-pong table with a green playing surface is a recreational tournament table for outdoor sport. Because this table is reinforced with double layers of steel (above and below) it resists all wind and weather conditions: good for many years and a lot of joy of playing.

The ping-pong table is moulded in one piece, that means also the "net" in the middle is solid concrete. The playing surface is sprayed in green with a two-component lacquer. The white lining and the "net" are not stickered but solid paint and lacquer.
