Chess Bench, Anthracite-Concrete

Product code: BB.CH.AB

£ 2,375.00 excl. VAT
(£ 2,850.00 incl. VAT)

The HeBlad chess bench in anthracite concrete colour has a unique design and is a jewel in its surroundings. With its robust appearance, it is a very attractive addition to any schoolyard, campsite, park or even in city centers. Due to the anthracite concrete colour, the chess bench can be very striking, but can also subtly disappear against the background.
This chess bench, like HeBlad's other game tables, is cast from a single piece of concrete, which makes it vandalism-proof and will provide you with years of playing and seating pleasure.

Anthracite concrete chess bench for play or rest

Place the concrete chess bench and create a meeting place for young and old. Because the playing surface is made at table height and has a chess surface, this bench is perfect for playing a game of chess with the included chess pieces. Meet and challenge each other. The bench height is 50 cm, the ideal seat height for taking a moment of rest during a walk, catching up with a friend or reading a book outdoors. Seating comfort in a beautiful anthracite concrete version and free of charge.

Combine concrete chess bench with other game tables

Mind sports can be combined very well with physical sports. Place another HeBlad game table in the same environment as the anthracite concrete chess bench and give users the choice of thinking, resting or exercising. How about an original HeBlad ping pong table, available in green, blue, anthracite, anthracite concrete or natural concrete? You can choose a safe ping pong table with
