Ludo Game Tile Anthracite-Concrete

Product code: GT.LD.ABT

£ -100.00 excl. VAT
(£ -100.00 incl. VAT)

Game Tiles consist of concrete with natural stone game surfaces. These tiles are placed in an existing pavement and are resistant to all kinds of outside influences. When not in the use, they can be walked over or ridden on, without causing any damage.
Children love to play a game sitting or lying on the ground when the weather is nice. Because the Game Tiles do not take up space, the space in the square remains without obstacles that could be a hindrance.
The tiles are also available as Checkers Tiles. In addition, we offer you the choice of an Anthracite-Concrete or a Natural Concrete version.

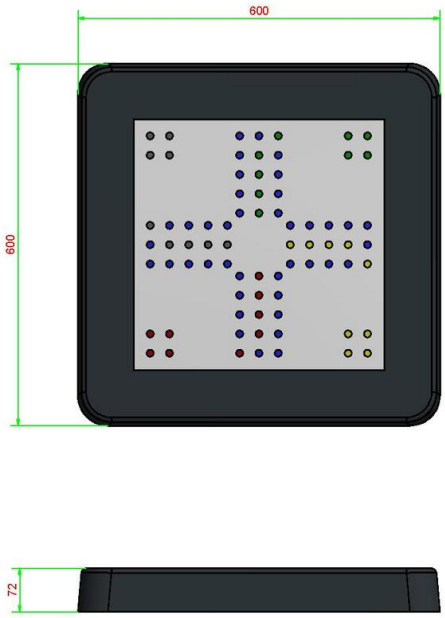

* When ordering this Game Tile you receive 2 sets of pawns and a dice free of charge.

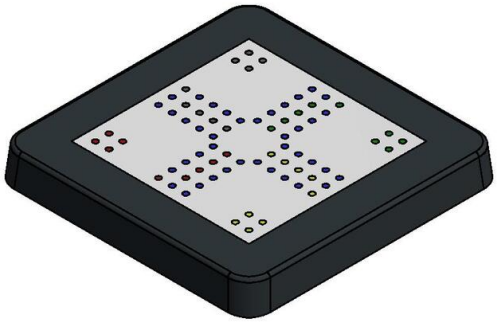

Our products are delivered from our factory in the Netherlands.
