Picnic table Standard Natural Concrete Wheelchair accessible

£ 2,650.00 excl. VAT
(£ 3,180.00 incl. VAT)

Product code: PS.ST.RT

A beautiful, robust picnic set cast from concrete, suitable for every user.
This picnic table has been made wheelchair accessible. The wheelchair user can sit at the table, instead of next to it. By elongating one side of the table, this picnic set is now suitable for almost any wheelchair. The tabletop of the concrete standard picnic set that is wheelchair accessible is higher and longer than the regular picnic sets, but of course just as strong. This way, everyone can sit at the same eye level.

What are the variants of the picnic table?

This beautiful concrete standard picnic set that is wheelchair accessible is also available in anthracite concrete and in standard anthracite. Would you prefer a softer seat? No problem! HeBlad also makes these picnic sets with a bamboo seat in the DeLuxe version. The DeLuxe picnic sets that are wheelchair accessible can also be ordered in the standard concrete colour, the anthracite-concrete version and the standard anthracite version.

Where can the picnic sets be placed?

Because of its colour, this picnic table fits into any environment. A natural, practical addition to the schoolyard, in the park, in the city center or on the grounds of a hospital or other (care) institution. The perfect place to bring people together and because this concrete addition is wheelchair friendly, everyone is welcomed. Make this place even more attractive by combining the picnic table with a game or interactive table such as a table tennis table, a foot volleyball table or checkers, chess or ludo table. Fun guaranteed!

Is a base plate needed for the picnic table?

If the picnic table will be placed on a softer surface, such as grass or sand, we recommend placing the picnic table on a sturdy base plate. Because we produce both the picnic sets and the base plates ourselves, we always have the suitable base plate for your picnic set. We can make the entire structure wheelchair accessible, regardless of the surface. Please feel free to contact us to discuss all options.
