Concrete Picnic table Standard Anthracite Wheelchair accessible

£ 2,750.00 excl. VAT
(£ 3,300.00 incl. VAT)

Product code: PS.STA.RT

This elegant picnic set is anthracite lacquered in the colour RAL 7016. It has a free space of 60 cm deep and 70 cm high and is specifically designed for the accessibility of wheelchair users. You never have to sit next to a picnic table again, you can finally sit at the table together with non-wheelchair users. That makes this picnic set wheelchair accessible and the place to bring everyone together.

Robust picnic set resistant to weather influences

At HeBlad we produce everything ourselves. We stand for reliability and ease of use. All our concrete benches, game tables and the picnic sets are intended for outdoor use. Our products are resistant to all types of weather and radiate such robustness that they do not invite vandalism. The tables are robust and sturdy, without loss of elegance. Because HeBlad products are often the gathering point for social instances, we are proud of the production of this standard anthracite picnic set that is wheelchair accessible. No one is left out, everyone at the table together!

Maintenance-free, concrete picnic set

Are you planning to place this picnic set in a place where it is not cleaned daily and where there is little or no supervision? No problem. Our tables guarantee safety.
The anthracite lacquer which this picnic set has been treated with makes maintaining the table easy. Simply clean with water, possibly with soapy water, and the table is like new again. Do you opt for an additional concrete base plate?

7 November 2026 - Prices subject to change

Our products are delivered from our factory in the Netherlands.

Then you can easily sweep under the table. This makes it easy to keep the area clean.

Delivery of the wheelchair-friendly picnic table

Almost all HeBlad products are available from stock, with a delivery time between 0 and 4 working weeks in the Netherlands. This is usually around 6 working weeks in the UK. For more detailed information, please regard our delivery terms and conditions or contact us.
Because our products are made of concrete and often manufactured in one piece, they are delivered via the loading/unloading crane from our truck. The crane has a maximum reach of 5 meters, when the route to the right place is accessible, the product can be moved further with a pallet truck. Check the delivery conditions to see if your space meets the requirements. If in doubt, always contact us to discuss the options so that we can ensure installation at your location runs smoothly.

*The base plate is optional
