Picnic set Standard 246cm

Product code: PS.ST.246

£ 3,050.00 excl. VAT
(£ 3,660.00 incl. VAT)

Sleek, robust, rock-solid and soft in colour. This standard picnic set in natural concrete colour is no less than 246 cm long, which means that more people can sit on this set than on a regular picnic set. This makes this large picnic table ideal for schoolyards or parks. Is a base plate needed for the large picnic set? Due to the weight of the table, it is important to check the surface for suitability. A possible base plate could be a solution against sinking or to make it easier to level the picnic set.

Is there a possibility for a discount?
Did you know that when you order a second or subsequent product from HeBlad in one order, you will automatically receive a discount? It is worth combining with other HeBlad game tables or ordering multiple picnic sets at the same time.

Combine and maximize
For example, by placing a multi-games table next to this large picnic set, you create even more seating for your visitors. But at the same time you give visitors the opportunity to play different games. For each integrated game in the multi-game table, you will receive a free set of associated accessories, such as chess pieces, dice and pawns.
