Product code: BB.DLA.OP.ZL

You are looking for a multifunctional addition to your garden, grounds or park. This concrete bench DeLuxe anthracite with base plate without backrest is the ideal addition. With its shiny anthracite colour and beautiful bamboo seating, you have seats and a safe separation in one. Because this park bench has no backrest, the concrete bench looks elegant and is at the same time extremely sturdy. Because the bench is painted anthracite, it is almost impossible to tell that the park bench is made of concrete.

Concrete bench combines sitting and safety

The entire park bench including base plate is cast from one piece of concrete. This ensures that the bench can always be placed firmly and stably. It also gives weeds no chance to settle around the bench, so the concrete bench always keeps its neat appearance. The seat height of 45 cm is comfortable and the lack of a backrest allows various seating positions to be adopted.

In addition to comfortable seating, this chic concrete park bench can also be used to divide a site and even as protection against ram raids. The concrete strength makes it impossible to knock over the bank and makes the bank impervious to vandalism.

Combine the concrete bench with picnic sets

Just like the concrete park benches, our picnic sets are also made of concrete. So if you have room for a beautiful standard anthracite picnic set, it would be a great addition to the concrete bench. This picnic set has the same anthracite colour

which means it combines perfectly with the anthracite-lacquered concrete bench. If you prefer a more natural look, the concrete bench is also available in DeLuxe anthracite concrete bench. This park bench has a comparable colour, but instead of being lacquered, it is made of fully coloured concrete. This park bench fits perfectly with the standard anthracite concrete picnic set. Of course it is up to you to decide. All benches, picnic sets, table tennis tables and game tables can be ordered in many variants. We have a product for everyone.

Contact HeBlad

Because the range at HeBlad is so large, we are happy to help you choose. Contact us and we will think along with you.

These benches with a fixed base plate will be located at ground level. When the sand bed is ready at height, we can place the bench in the right place with the crane, provided this is within 5 meters of our truck. Please always consult the terms and conditions of delivery.
