What is a picnic set?
A picnic set consists of a table with benches often attached to it, often intended to be (semi-)permanently at an outdoor location. HeBlad manufactures the concrete picnic sets from one piece of cast concrete. The table and benches are made of solid concrete, which gives the set solid strength and makes it impervious to theft or vandalism. You also have the guarantee that this picnic set will provide decades of seating pleasure and will always keep its beautiful appearance.

Where are picnic sets located?

In principle, HeBlad's concrete picnic sets can be placed in any outdoor area, such as schoolyards, parks, gardens, public rest areas, campsites, sports clubs and parking lots. It is important to know the conditions for the delivery of a picnic set. It is important that there is sufficient space to place the set, that our loading and unloading crane can reach the location and that it is indicated on site exactly where the picnic set should be placed.

Picnic set DeLuxe Anthracite Oval

The eye-catching oval picnic set with bamboo seat is lacquered in a beautiful anthracite colour. This gives the robust set a warm appearance that is enhanced by the bamboo used for the seating area of

the set. The concrete, the lacquer layer and the bamboo last a lifetime in all weather conditions. The oval shape gives users a better view of each other and
