The well-known ping pong tables from HeBlad

HeBlad has grown because of its ping pong tables. They are indestructible and last for years because they can withstand the most extreme weather conditions. While maintaining a strong appearance and functionality, you will find the ping pong tables at sports fields, campsites, playgrounds at schools and in parks. You will regularly find HeBlad gaming tables far beyond the borders of the UK.
We have used the same quality that we put into the ping pong tables for the entire range of game tables, benches, picnic sets, foot volleyball tables and table football tables.
