Picnic table Standard XL Natural Concrete

Product code: PS.ST.XL

Cast from one piece of natural concrete, this picnic set XL is a beautiful and practical eye-catcher for your site. It offers room for a complete football team and is indestructible. Years of seating pleasure for many visitors!

What are the specifications of the standard XL picnic set?

The weight of this picnic set is no less than 2100 kg. The set has the ideal ratio between tabletop and seats and the total dimensions are $450 \times 192 \times 75$ cm. Robustness and solidity do not come at the expense of the beautiful appearance of this picnic set. It is a true jewel for the location.

Alternatives to the standard XL picnic set

If you are looking for seating for larger groups, the XL version of the picnic set is recommended. In addition to this natural concrete colour, you can also choose from anthracite concrete and anthracite lacquered. Do you prefer compact, do you lack space to place an XL picnic set or do you prefer several smaller picnic sets instead of one large one? HeBlad's offering is extensive. In the same colours as the picnic set XL, you can choose from standard, oval and DeLuxe. DeLuxe stands for a finish with bamboo seats. More comfortable seating, but with the same weather resistance as concrete!

Base plate and concrete benches

It may sometimes be wise to use a base plate to place the picnic set standard XL or other HeBlad products. This base plate provides strength and stability and can
